

The Catcher in the Rye Essay Prompt

Choose one of the following prompts:

- Explore Salinger's usage of symbolism through an examination of the red hunting hat, the ducks at Central park, the carousel, or Allie's mitt. Consider how the symbol relates to Holden's identity.
- Examine how Salinger uses Holden's point of view, and the style of stream of consciousness, to make a commentary on the struggle of adolescence and perhaps mental illness. Consider how his mental state may reflect the unease of the time.
- Trace Allie or Phoebe's characterization throughout the novel. Analyze how Salinger uses characters to represent themes of innocence. How do they influence Holden's development?
- Analyze Salinger's usage of setting through a close reading of Pencey Prep, the Natural History Museum, New York City, (hotel, bars, etc.), the carousel, and Phoebe's school. Explain how Holden's wandering around New York City mirrors his intellectual and emotional journey. Consider how different locations are associated with different stages of Holden's mental state and development.
